

CAR KIT SUPPLIES.

- Portable water & non-perishable food.**
Bottled or stored water—four 16oz bottles per person per day. Food items such as food bars, peanut butter crackers and trail mix. Change out food and water frequently.
- Flashlight & extra batteries.**
- Cell phone re-charger or extra battery.**
- First aid kit.**
- Jumper cables.**
- Emergency flares.**
You should also have a bright traffic signal such as a small cone or triangle. These are available in many auto parts and general supply stores.
- Tool kit.**
Include adjustable wrench, screw drivers (flat and Phillips), hammer and foldable snow shovel and rope. Also add duct tape and electrical tape in your tool kit as both will come in handy for minor, temporary repairs.
- Tire jack & spare tire or instant tire fix-a-flat.**
- Paper, pen & map.**
If you must leave your car, be sure to leave a note telling others your plan.
- Boots, hat, gloves, rain poncho.**
- Blanket.**
- Chains & ice scraper.**
- Important emergency phone numbers & insurance card.**
- Plastic garbage bags.**

HELPFUL HINTS:

- If you are traveling with infants or toddlers, be sure to include special food items, bottles, pacifiers and a few toys.
- If you bring your pet, be sure it has a collar with current ID on it and bring a leash, water bowl, dry food and a small toy.
- When traveling long distances, be sure to let family members know the route you plan to take and when you expect to arrive at your destination.
- Check on weather and road conditions for your route of travel. (In cold temperatures, bring extra blankets; in hot temperatures, bring additional water.)
- Bring cash in small denominations in case credit or debit card machines are not operating.
